

Hoffman SummerWood's private rehabilitation and recovery program provides care, comfort, and safety in the home-like setting of our vibrant and active community.

This program is ideally suited for:

- Post-surgical patients who need rehabilitation but do not meet the needs for a three-day qualifying stay to be covered by Medicare.
- Patients who have experienced a recent medical event and need more assistance than home care services can provide, but do not require hospital or nursing home care.

Hebrew Senior Care

- The Behavioral Health Hospital at Hebrew Senior Care
- Connecticut Geriatric Specialty Group
- Senior Day Center
- Hoffman SummerWood Assisted and Independent Living
- Assisted Living Services Agency

Recovery Care with all the
Safety and Comforts
of Home.*

CARE

Comprehensive onsite care is provided with our therapeutic partners - offering compassionate and skilled RNs, LPNs, CNAs, physical and occupational therapists, visiting podiatrist, audiologists, speech language pathologists and more to meet the patient's individualized care needs. Staff are trained in post-surgical and rehabilitative care and are familiar with physician protocols for medication, treatment and activity requirements. Open communication and coordinated case management between our care team and patient's physicians, therapists and family members offers the best opportunity for rapid recovery with the least amount of stress.

COMFORT

Our private rehabilitation and recovery program provides high-quality wellness services in a well-appointed environment. Patients are greeted by our nursing staff, have their immediate needs attended to, and can begin to relax and recuperate upon arrival. All rooms are spacious and feature a bedroom, kitchen, dining and living room, and are furnished with cable TV, telephone, and free WiFi. Our chef and dining room staff provide a daily menu of delicious, healthy entrees and snacks, and can accommodate various dietary needs and traditions, including Kosher.

SAFETY

Why risk going home too soon when a private rehabilitation and recovery stay is the safer option? We will provide transportation from the hospital to your private room at Hoffman SummerWood. Our round-the-clock care enables rapid healing and a calm recovery. Our room rates start at \$250.00/day and include all the amenities of Hoffman SummerWood: an Independent and Assisted Living environment with all the comforts of home.
